# 5 KEY ACTIONS towards DONALDSON READINESS

by @ImpactWales

1 Create the space & structures for staff to collaborate, support & innovate within Areas of Learning & Experience.

Focus teaching on the skills pupils need the most and aim for mastery.

3 Use digital competence to enhance the impact of learning.

5 Use the Professional Standards for Teaching as a guide for whole school improvement.

Develop the Pedagogical Principles & Curriculum Purposes your pupils need the most, first.
